

T-Shirts

Pre-ordering t-shirts is not required. Students can individually buy t-shirts during scheduled 'canteen' times if they desire. However, if you want every student to have a t-shirt and want to be assured of us having the correct sizes, you should pre-order them.

When you send us a list of t-shirt colors and sizes in advance, it gives us the opportunity to order the shirts if they are not currently available. Then we can collect all of the requested shirts and put them together in a box for your school on arrival.

You can see the different t-shirt designs that we have on main environmental education page (shortcut available by clicking the canteen link at the top of the page)

Sizes are adult small – XXL. (extra small available in some styles, please ask)

The price is \$12 per shirt, whether you pre-order or buy individually.
